

Joe McKinley, editor at Reader's Digest, takes a look at the big and small picture things some of the most successful and beloved bosses do to inspire and get the best from their employees each and every day.

"One of the ways we try to inspire and energize our colleagues is through volunteer initiatives, called Days of Giving. Across the country, our 1,000+ employees take time out of their day to give back to their communities through an organization or activity of their choice."
