

As the U.S. healthcare system shifts toward value-based care, CMS is increasingly tying Medicare reimbursement to care outcomes. In October, the agency will roll out Bundled Payments for Care Improvement Advanced, a new voluntary episode bundled payment model designed to reduce costs and improve the quality of care for Medicare beneficiaries.

naviHealth leaders Gina Bruno, vice president of clinical strategy, and Tom Divinnie, director of strategy and business development, discussed 4 key insights into BPCI Advanced and highlighted the importance of data and analytics in the May 23rd webinar, [BPCI Advanced: Translating Data & Analytics into Actionable Insights and Sustained Success.](#)
